** Allowances may be made to ensure goalie coverage across all our groups (with Executive Approval)*
- Paradise is finalizing details for this year's U11 Icebreaker tournament. They are hoping to include A, B, and Girls divisions, and are looking at options to include C teams, but this has not been confirmed yet.

A Tryout guideline including what to expect, what to do while sick or injured, the evaluation process, and Evaluator room etiquette will be posted to the league info section of our shared website in the coming days.

Goalie Recruitment and Retention Rebate

2024-2025 Online Registration

A Goalie TD Clinic will be offered to all registered goalies born in 2017 or older at no additional cost. If your player plans to attend these, please ensure you select this free clinic when registering in HCR (Hockey Canada Registry).

The clinic offering/availability will be subject to registration levels and ice time availability. Schedule of program dates and time to be announced at a later date.

To keep this clinic free for goalies and try to cover some of the season-long ice time and Goalie TD/Coach services, a \$10 fee was added to every kid registered in our associations.

To promote younger kids to try goalie for the first time, this season we will be making this free clinic available to U9 Goalies.

Any returning U9 goalies will also qualify for the goaltending rebate.

All new goalie registrants will be offered goalie equipment (pads, chest protector, blocker, glove, and stick) free of charge on loan from the association (helmets and other gear will not be provided).

Loaned equipment will be in good condition and may or may not be new depending on the availability of existing equipment.

Note: There is no automatic feature within HCR (Hockey Canada Registry) to automatically apply these rebates. Fees will be paid in full, then we will need to manually go through a list of players who are eligible for the rebate. Once eligibility has been determined, a rebate/refund will be offered.
