

2020-2021 Power Skating Program

It is with great excitement that the GMHA and SSMHA announce our own in-house power skating program for the 2020/21 season facilitated by our Technical Directors Andrew Sweetland and Mike Lee.

The program will consist of individual association based sessions for our U7 and U9 groups as well as combined sessions for our U11, U13 and U15 groups. Female Minor Hockey players can also avail of these programs and register in the applicable division.

The program will be a 10 week program with one 45 minute session per week at a cost of \$130. Registration payment is due in full at time of registration.

The proposed schedule for the Power Skating sessions pending registration interest will be as follows:

Division	Day	Time	Arena
GMHA U7	Monday	5:15pm	Goulds Arena
SSMHA U7	Monday	7:00pm	SS Arena
GMHA U9	Monday	6:15pm	Goulds Arena
SSMHA U9	Tuesday	7:00pm	SS Arena
Combined U11	Monday	7:15pm	Goulds Arena
Combined U13 & U15	Thursday	5:00pm	SS Arena

Each group will have a maximum number of 30 players and registration will be on a first come-first served basis. Depending on the level interest in each division we will review and determine if we can modify the program to allow more players to participate.

Pre-registration for these programs will open on Friday, November 20 at 9:00pm and can be completed at the website address ssmha-gmha.club. The pre-registration entries will be time stamped and further registration details will be sent separately following pre-registration.

Programs will start the week of November 23.
